Payment of Regatta Entry Fees

Please be aware of the following when making an entry into the Tracker System.

1. Prior to submitting your club entries into the Tracker System, you should verify that each crew is available to travel and compete at the Regatta.
2. Once your Authorized Officer (captain/secretary) submits an entry into Tracker System those crews have now been automatically included in the Regatta Draw.
3. The rules of racing from Rowing Ireland state, **that fees are payable for all participating crews. Crews captured in the Tracker System (Regatta Draw) are deemed to be competing, therefore, clubs are responsible for the payment of the full entry fees for each crew entered, regardless of any subsequent reason preventing them from competing in the regatta.**
4. In the case of an entry for a Composite Crew, it is the responsibility of the club who inputs the entry into the Tracker System for a composite crew, to make the payment for that crew (i.e. the payment of regatta fees must include the full amount of the composite crew). There should be a private arrangement between the crew participants as to how your club is re-imbursed for part fees from another club.
