

Muckross HOR

CANCELLATION

Based on the latest weather forecast and in the interests of safety, the Muckross Head Of the River event scheduled for this Saturday 7 December 2024 is cancelled. It is with great regret that the organising committee have reached this decision, however our first priority remains the safety of everyone involved.

We wish to sincerely thank all clubs entered for their entries and support for the event. The organising committee will review the feasibility of a rescheduled fixture in 2025 in consultation with Rowing Ireland DEC.
